

Community Neurodiversity Training: Improving inclusivity of our local businesses in Stockport

Are you a local business in Stockport interested in learning how to make your business more inclusive for neurodivergent individuals?

Stockport Council's Autism Strategy has partnered with local experts who have lived experience to co-deliver neurodiversity training to local businesses in Stockport.

This 25-minute training video is free to access and upon completion you will receive a certificate to display in your business.
