

SAMARITANS

Stockport & District

Volunteer Opportunity

Support Volunteer

Samaritans of Stockport and District branch are looking for a Support Volunteer to lead on branch governance.

Each branch is like running a mini business with every role in the branch carried out by a team of committed volunteers. Because of this there are many ways to volunteer with Samaritans. As a Support Volunteer you would be part of a supportive team with a discrete role to oversee branch governance - there would be no expectation of duties beyond this remit. The anticipated time commitment is 3 hours per week. Experience and knowledge of governance will be necessary.

As a new role this is an exciting opportunity for someone to work with our Branch Leadership Team to help us shape and develop this role within branch.

If you are interested in applying or wish to find out more, please see the role description and contact our Deputy Director Recruitment
stockport.recruitment@samaritans.org

For more information about the work of Samaritans please see our organisation and branch websites;
