European Union
European Regional
Development Fund

From **artisan baker** to **zumba instructor**, our business support programme can help you get the skills, information & know-how to succeed.

Workshops and events

Learn the basics of running a business, know your market & get ready to launch. Plus, meet other local businesses at our regular networking events.

One-to-one help

Our local small or medium-sized enterprise (SME) Champions will help you research your business and market using industry-standard databases and information.

Research your market

You'll find industry-standard business information at each location: discover the latest trends, research the competition, and even find how many similar businesses are in your area.

Protect your ideas

Get insights into protecting your intellectual property (IP) such as copyright and trademarks.

Free working space

Dedicated library space to work on developing your business: desks, Wi-Fi, PC access, business books to borrow, & print services (including 3D printing for your latest prototype!).
