## Skills Bootcamp in Data Analytics with Generation in Greater Manchester

### In 12 weeks you will learn:

| Technical Data analytics skills including some coding | Professional behaviours and mindsets | Communication Skills

**About you:** You don't need any experience in data to apply to this course, however you should enjoy working with numbers and have a foundation knowledge of maths. You're comfortable using tools like Excel and excited to learn a bit of computer coding.

**You will learn:** Technical and soft skills to **start a thriving career as a Data Analyst**, including how to identify, collect, clean and sort data across a range of systems, use software tools like excel and PowerBI to perform calculations and creatively develop reports and graphs to solve problems.

**Get hired!** At the end of the course, we will introduce you to hiring employers who are actively seeking people with your exact skillset. **Earn up to 25K as a starting salary** working as a Data Analyst in your favourite sector, including healthcare, marketing and sports!

**85%**

of graduates employed within 3 months

**84%**

Of employers say grads outperform their peers in the workplace

## What to expect | From application to graduation

### After applying

Access an online portal and an invitation to a taster day to provide more information on the course and guide you through your application process.

### On course

**An interactive live zoom classroom** with daily standups, lessons, practical sessions, workshops team projects and practice interviews.

**A qualified instructor** and mentor to guide you through each step of your learning journey.

**A small class** of 20-25 peers and access to a supportive alumni network of over 700 Generation graduates.

**Twice as many practical sessions as theory.**

**Behaviour and mindset training** to build confidence in your professional skills.

**Learn about human behaviour** to inform your ability to speak to and solve problems for customers.

### After the course

**Be connected to employers** Through matchmade interviews set up by Generation.

**Get hired fast** with an exceptional CV and soft skills that will help you stand out from the competition.

**Continue to benefit from the Generation community** with lifelong access to the Slack community, volunteering opportunities and chances to get involved in PR and marketing.

**Progress and develop** in the role to gain salaries of +£30K within 2-3 years
