

## Spotting the **signs of cuckooing**

### Notice the **signs**

Look out for your neighbours, especially if there has been a change in behaviour. Spot the signs listed previously.

### Evidence your **concerns**

Make a note of your concerns, times, dates, what has happened and identity or names of people coming in and out.

### Stay **Safe**

It is important that you are safe. **Do not** approach any of the people you believe may be cuckooing your neighbour or take photographs.

## Are you a victim **or know someone who might be?**
