# IT SUPPORT WITH CYBER SECURITY

Applications close: Friday 17th May

## 9-WEEK PROGRAMME

We're offering a fully funded (you pay nothing) 9 week course to propel you into a new career in IT Support with the tools you need to progress into Cyber Security roles.

## £25-30K STARTING SALARIES

**Earn £60K when progressing into cyber security.**

## ALIGNED CAREER INTERESTS

**IT & TECHNOLOGY**

**CUSTOMER SERVICE**

This role involves providing technical support to customers facing software and hardware issues. We encourage applications from groups under-represented in the tech industry – particularly women and those without university degrees.

## ELIGIBILITY

- Aged 19+
- Have lived in the UK/EEA for the past 3 years
- Not currently employed, in education or training

## **WHY THIS CAREER PATH?**

This programme trains you to become a IT Support Analyst- other job titles of recent graduates include Helpdesk Analyst and Technical Analyst.

If you choose to go onto specialise in Cyber Security, you could progress to roles including Cyber Security Analyst and Penetration Tester within 5 years of starting your career in IT Support.

## **WHAT DO WE OFFER?**

- Fully funded online classroom
- Live expert instructors
- Tailored mentoring support
- Connection to employers

**We provide free laptops and WiFi to learners who need them to help make our programmes as accessible as possible.**

## **WHAT DO OUR LEARNERS THINK?**

“Lack of a degree means nothing when taking part in a Generation Skills Bootcamp. The programme has changed my life completely, not only am I confident in a professional environment but I am also in a job I never thought I would be able to get into a few months ago.”

**Ben - Generation Graduate
