

Mindful Resilience

For Parents & Carers of Neurodivergent Children & Adults 8-week course

Join us as we support you to develop skills for yourself in your role as a parent or carer of a neurodivergent person.

- Explore mindfulness tools to aid mental wellbeing.
- Understand how your nervous system responds to stress.
- Learn how to take care of yourself as a carer.
- Reduce anxiety, stress, depression and burnout.
- Learn how to work with your emotions.
- Develop skills to work with different types of thoughts.
- Experiment with a range of tools including meditation, gentle yoga and relaxation.

Thursdays, 10.00am – 12.00pm
1st May – 26th June 2025

Online course via Zoom

"This was the most informative useful course I have attended for some years. I learned so much about autism spectrum and neurodiversity, and how many symptoms can be managed better or eased with the practice of mindfulness and other coping strategies."
