

Would you like to use your journey to help shape future cancer care & research?

INDIGO- COMMUNITY is investigating the longer term impacts of cancer and treatment on patient's lives

We are looking for Patient Partners

We need people from all backgrounds who have been affected by cancer (as a patient or caregiver)

We believe that cancer research needs to help everyone regardless of age, sex, ethnicity, sexuality and gender or where you live

As a Patient Partner you will:

Have the opportunity to join our friendly and varied team of other volunteers, researchers, and healthcare professionals, to make sure that the patient perspective is at the heart of our study.

Every 6 weeks, over the next year, join a 2-hour meeting held virtually using Teams or Zoom. We can provide training if these are unfamiliar to you..

Occasionally be asked for your comments on materials and documents in between meetings.

To thank you for your time we are offering vouchers of your choice (i.e. Love2Shop/ Amazon/ supermarket) at an approximate rate of £20 per hour.

For more information and to register your interest please contact:

 imperial.indigo.trial@nhs.net

“As someone lucky enough to be a cancer 'survivor', I am delighted to be part of the INDIGO Community helping to understand the longer term impacts of cancer & treatment on patient's lives”
