

RELATIONSHIPS AS RESISTANCE

ROOTS

STOCKPORT

COMMUNITY CONVERSATION

Bringing people with different experiences of living in the same town together, to discuss what they think Stockport needs to allow residents to thrive. Talk about your Stockport, the one you know - what kind of place it is, what must be preserved at all costs and what do you dream it can become...?

The Roots Programme team and Lead for Stockport Women and Girls Network, Nadia Ali, will be holding this informal conversation.

We're coming together as equals, add your voice.
