disabled employees

WORKING WELL

DOING THINGS DIFFERENTLY
FOR GREATER MANCHESTER

Do you have disabled employees, employees with long term health or enduring mental health conditions who are finding it difficult to sustain their work and are having a negative experience in your organisation? The Working Well: Individual Placement and Support in Primary Care (WW:IPSPC) programme can provide tailored support which focuses on helping them to return to work, or from preventing them going on long term sickness leave.

Our service supports people through their barriers to work, utilising a personalised Employment Specialist from our skilled team to assist them and you individually to finding a more productive compromise that works for all parties.

We can help you and your employee with:

- Working closely with you and your employee to help identify and resolve barriers faced
- Career planning
- Suggesting and implementing reasonable adjustments
- Benefits advice
- Co-designing support
- Giving your employee access to a 24/7 employee assistance programme
- Giving your employee access to coping strategies, wellbeing applications and guidance
- Identifying potential training for you and/or your employee
- Three-way reviews
- Working alongside health professionals to ensure that health needs are catered for
- Offering expert advice and guidance
