# WORKING WELL

DOING THINGS DIFFERENTLY  
FOR GREATER MANCHESTER

**Are you a disabled person or do you have a long term health or mental health condition which makes it difficult for you to find and keep work? Working Well: Individual Placement and Support in Primary Care (WW:IPSPC) can provide you with tailored support and guidance, putting your needs at the centre, in order to gain long lasting employment.**

Through our programme, you will have access to a personal Employment Specialist, who will provide you with rapid job search assistance to help you find employment that works for you and easily slots into your life, while being mindful about your health.

We can help you with the following:

- Rapid job search which focuses on helping you find the RIGHT job
- Personalised job search based on the assessment of your skills and abilities
- Benefits advice
- CV writing, tailored to specific job goals
- Self-employment advice
- Working alongside you and your health professionals to ensure that your health is a priority
- Working closely with you and your employer to help them understand and cater for your needs
- We can act as an intermediary, contacting the employers you want to work for on your behalf
- Offering career opportunities and advice
- Job interview preparation and advice

WW:IPSPC is here to work with you to identify and remove the barriers you face and develop plans to help you to gain and keep work. We're aware that no two clients are the same, and you will be supported in a way that works uniquely for you.
